## GUEST INFORMATION

Everything you need before you ride.

### ARRIVE

#### BEFORE YOU ARRIVE

- Arrive a day early — flight and road delays are common, and late arrivals may not be accommodated.
- Your arrival time is on your invoice; it shifts with the season. On no-fly days, meet us by **3:30 PM PT**.
- Directions: [Getting to Mustang](#)
- Check [DriveBC](#) for real-time highway conditions and closures before you set out.

#### GETTING TO THE LODGE

- All guests fly in and out by helicopter, weather permitting.
- **\$165 CAD** each way, per person — charged before boarding via QR code scan, since flights are weather-dependent (you may fly one way and not the other).
- No-fly day: snowcat transfer, no charge.
- You'll get an email ~1 PM PT on arrival day confirming your transfer and any updated times.

#### RUNNING LATE?

Call Exchange Coordinator Rick at **(250) 253-0558** ASAP to arrange alternate plans.

### PACK + GEAR

#### PACK SMART

- **35 lb** total limit, including ski/board boots. Skis and snowboard don't count.
- Soft duffel only — no hard-sided bags. Boots can go in a separate soft bag, never loose.
- Leave the poles — we supply them free (not collapsible ones).
- **Flying? Carry your boots on.** We can help with most lost gear — not boots.
